

WILSON ROSE GARDEN

Bed information (roses' names, types, colors) on reverse side

The **Wilson Rose Garden** is one of the largest public rose gardens in North Carolina, with more than 1,000 rose bushes in nearly 60 beds. Varieties range from historic garden roses to modern hybrids. Dr. Rufus Swain helped establish Wilson's first rose garden at the Wilson Public Library and led the design of this garden, which had its first beds planted in 1995. The community raised money to build the garden, and volunteers still maintain and operate the garden.

Volunteers are always needed!

We also welcome your financial support, contributions to buy memorial bricks, and your membership in Friends of the Rose Garden. More info here: www.WilsonRoseGarden.org

Venue for rent.

The garden may be rented for weddings and other events. **Call 399-7530.**

We are proud to have received a 2018-19 grant from the Wilson County Visitors Bureau.
